JANUARY

2010

"THRU THE GREEN"

Welcome to the first edition of "THRU THE GREEN" for 2010. A new decade begins with the club looking to build on its success from 2009.

The first major news announcement for 2010 is the successful funding application for the new buggy shed. A letter and cheque received has confirmed the club as a recipient of funding for the new buggy shed. This is a major boost to the club in many ways. Firstly the club will be able to direct any monies set aside for this project to other projects, members on the waiting list will now have a home for their buggy and most importantly we hope this will see our player numbers increase.

A big round of applause to Craig Brennan and Bill Baker who between them sourced letters of support from within the membership and local authorities. With all of the requirements in hand Craig made the submission with high hopes of receiving a successful outcome. This will in the long term be one of the best decisions made to sit out the process and see if the funds are available.

The new shed will take shape in the next month or so, and members are reminded that if you are looking for a spot in the shed, get in quick as spots are limited and filling fast. Please see Leanne at the club and pay a deposit of \$50.00 to book your spot.

A number of projects are in the pipelines for 2010 and beyond, which will only compliment the club and course even further. Stay tuned.

To all of our sponsors for 2009, we thank you for your generosity to the club. All of our committee members past and present, volunteers and staff we thank you for your contributions to making the club a continuing success. To all of our members we hope you have enjoyed your course and continue to make use of the facilities in 2010. Playing numbers have been increasing slowly and with the acceptance of the timesheet our numbers will only continue to grow.

The course is fantastic for this time of the year, given the dry conditions and we cannot thank David King enough for his tireless efforts in providing us with a great course. The greens are beautiful to play on and with continuing tee levelling maintenance will only enhance your golfing pleasure.

Alan Bond - a nasty 5 footer
 Salman Rushdie - an impossible read
 Rock Hudson - looked straight, but it wasn't
 Adolf Hitler - two shots in the bunker
 Saddam Hussein - from one bunker straight into another
 Kate Winslet - little bit fat but otherwise perfect
 Amelia Earheart - didn't make it over the water
 O.J. Simpson - got away with it
 Michael Jackson - gradually fading
 Pauline Hanson - a long way right
 Paris Hilton - an expensive hole
 Ladyboy - looks like an easy hole but all is not what it seems
 condom - safe but didn't feel real good
 circus tent - a BIG top
 Anna Kournikova - looks great, but unlikely to get a result
 Nirvana - a hole in one
 Eardrum - no good under pressure

HOOKS AND SHANKS

The new fixtures book is nearing completion for 2010-2011. A few new innovations will appear with the new book with both the men's and ladies program combining on the same page to allow members to see who is playing what and when easily. In the men's program we still have a number of days which need sponsoring, if you feel you can assist please contact either Tobin Cherry or Richard Shaw to register your interest. Generally speaking sponsorship of a day consists of \$50.00 value, in which on your day of sponsorship you will receive your game for free. We have secured a few new sponsors for 2010 and thank them for their input towards the club. The more sponsors we can attract reduces the burden on clubs finances.

You will notice the large pile of soil from the dam extensions has been cleared. The soil has been on sold to a neighbouring property to fill in their dams. They decided to fill in their dams as a safety precaution with small children.

With the golfing year still a few months away from completion, we still have some major days to come. First and foremost is the annual Simplicity Australia 3 person ambrose event. To be played on February 27th there are both morning and afternoon shotgun starts. We advise you to book your teams early for this one and to also book your carts from Heath as they are always at a premium on this day. DOSH day is back with prizes for A,B,C grades on January 31st and also to come is a 2 person ambrose event beginners day on February 7th.

Players are asked that if consuming drinks on course which come from glass bottles to please return them to the orange bins placed at the clubhouse. We have a collection agency picking them up each week..
